

PyroGenesis Canada Inc. is a world leader in the design, development, fabrication and commercialization of advanced plasma processes. We provide technical and manufacturing expertise, cutting-edge contract research, as well as turnkey process equipment packages to the defense, metallurgical, mining, additive manufacturing (3D printing), oil & gas, and environmental industries.

With a team of experienced engineers, scientists and technicians working out of our Montreal office and 3,800 m² (approx. 40,900 square feet) manufacturing and pilot facility, PyroGenesis maintains its competitive advantage by remaining at the forefront of technology development and commercialization.

The company offers a rewarding work environment, possibilities of promotion and a complete benefits package.

Located in downtown Montreal (Griffintown), we are looking for:

Position Title: Automation Technician

Tasks and responsibilities:

The Automation Technician will be responsible to support the Electrical and Automation Engineering team. More specifically, the technician will have the following responsibilities under the supervision of an engineer:

- Startup and commissioning of various processes at the pilot plant and at customer site
- Provide after sales support to different customers
- Computer-aided design of control cabinets
- Updating electrical drawings of control cabinets and electrical distribution diagrams
- Programming Programmable Logic Controllers
- Support of pilot processes at PyroGenesis' plant including debugging and minor modifications to the existing installations
- Provide support to the electrical fabrication team for the fabrication of control cabinets and installation of electrical equipment

Requirements:

- Post-secondary education in an electrical engineering technology program or equivalent experience
- Strong mechanical and electrical skills
- Familiar with industrial control systems
- Reliable and attention to details.
- Knowledge and interpretation of electrical diagrams and drawings
- Motivated and autonomous
- Experience in electricity in an industrial environment, an asset
- Between 0 and 5 years of experience in industrial automation desired
- Functional level of English (written and spoken)
- Bilingual (written and spoken French and English)

Send resume to: careers@pyrogenesis.com

Job reference #: P7_1E

PyroGenesis Canada Inc. thanks all applicants for their interest. However, only those whose background and experience match the requirements of the role will be contacted.

Equal Employment Opportunity

PyroGenesis Canada Inc. is firmly committed to ensuring a positive and professional working environment in which all people are treated with dignity and respect. We aim to provide a fair and consistent method for filling job openings in support of equality of opportunity and cultural diversity within the company.
